

# 2020 Key Outputs

Convenors: Su Golder, Daniela Junqueira, Joey Kwong, Yoon Loke, Sunita Vohra

## Highlight: Improving reporting of adverse events through our partners in CONSORT

### Research and development

- [Understanding Public Attitudes Toward Researchers Using Social Media for Detecting and Monitoring Adverse Events Data](#)
- [Assessment of Beliefs and Attitudes About Statins Posted on Twitter: A Qualitative Study](#)
- [Comparison of drug safety data obtained from the monitoring system, literature, and social media: An empirical proof from a Chinese patent medicine](#)

### Best practice and guidance

- [Reporting of harms in clinical trials: overview of the adherence to CONSORT Harms](#)

### Research Integrity

- Actively involved in projects investigating research integrity, in particular, detecting issues of validity, reliability, analysis, robustness in publications / data in primary studies; and
- Biased selection of data for meta-analysis in systematic reviews
